# KJELLGREN KAMINSKY ARCHITECTURE - NEW MONOGRAPH

PUBLISHED BY ARVINIUS + ORFEUS PUBLISHING, THE NORDIC REGION'S LEADING PUBLISHER OF CONTEMPORARY ART, ARCHITECTURE AND DESIGN

**Arvinius + Orfeus publishing is proud to present Kjellgren Kaminsky Architecture, a beautifully illustrated monograph of the Swedish architecture firm.**

The work of the Swedish architects Fredrik Kjellgren and Joakim Kaminsky represent sustainable solutions and innovative design at its best. Central to their many projects is the belief that they can contribute to solving the challenges we face from climate-threats, technological development and urbanisation.

Building a better planet is no small ambition, yet Kjellgren and Kaminsky are at the same time practising architecture in a disarmingly casual and modest way, thus bringing together large-scale ambition with small-scale attention to detail.

In this first monograph, Kjellgren Kaminsky summarize the first ten years of their partnership in the form of a selection of some of their most important projects, such as Öjared Hotel, Kollastaden School, Lecor HQ, Strandbaden Dancehall, the Vallastaden Plus Energy-Building, the Rosendal Apartment Building and the Neden area.
