Being Alone With Others

Joakim Eneroth

Being Alone with Others is a series of photographs that the photographer and artist Joakim Eneroth have been taken between 2004 and 2024.

The photographs are taken with a tilted large format camera and depicting public places where we all are part of a collective, but still remain anonymous and separated. The documented situations are like quiet meditations on the complex sensation of wanting to experience a sense of belonging, whilst still maintaining a distance.
